# Invitation from the Organizing Committee

On behalf of the Organizing Committee, it is my pleasure to announce that the 6<sup>th</sup> Annual Meeting of Endocrinology, Diabetes & Metabolism Hong Kong (EDM HK) will be held on 28 - 29 October 2023 (Saturday and Sunday) at the Hong Kong Convention and Exhibition Centre. The meeting is jointly organized by the Department of Medicine, The University of Hong Kong, KK Leung Diabetes Centre, and Osteoporosis Centre of Queen Mary Hospital.

After three years of virtual/hybrid meetings, we are excited to return to an in-person format and provide participants the opportunity to reconnect face-to-face.

With the theme “**Navigating the New Normal**”, the EDM HK 2023 aims to explore how we can navigate the evolving landscape in endocrinology and adopt new approaches in this post-pandemic era. We have always been committed to delivering a premier platform for practicing clinicians to share the most updated information and knowledge on endocrine diseases, including diabetes, osteoporosis, thyroid, and other metabolic disorders.

We look forward to welcoming you in October!

**Dr. WS Chow**  
Co-Chairman

**Ms. Amy SW Yee**
